Hey,
I'm just missing the Screenshot for the UI. I will put those in when James email them.
Let me know what ya'll think. I need some help on the presentation. I just put what I figure what Yall
should talk about.

Anne and I skimmed over it. It needs more content. Figures are good but we also need to have bullet points
on what we have accomplished, how we have accomplished it and what are we looking to accomplish.
